### OPERATION CHRISTMAS CHILD

We have not talked about our Operation Christmas Child shoebox ministry much this year because the coronavirus has had everything a little out of whack but we have been packing boxes for the last couple of months and by the time you read this we should have over 800 boxes completed. We have to turn in all of our packed boxes for shipping by November 23. If you are interested in helping with this ministry we are always collecting items and donations to cover the cost of shipping. Feel free to contact Mrs. Diane Van Norman for more info. We hope to be up to at least 1,000 in the next few weeks and ask that you pray for this ministry and for the kids all around the world who will receive shoebox gifts.

### 1 MINUTE MESSAGE

We don't have many activities going on now due to the coronavirus, but if you are looking for more ways to stay plugged in to God's Word you may want to check out our 1 Minute Message's. They are posted every Monday - Friday and can be found on the church Facebook page or listened to on the church website by going to [www.enterprisebaptist.church/1minutemessage](http://www.enterprisebaptist.church/1minutemessage).

### SERVICE UPDATE!

After months of taking precautions to help prevent the spread of COVID among our church family I am pleased to announce we have resumed normal Wednesday night services and Sunday morning worship services. We have still not resumed Sunday school classes at this time but I will be sure to let everyone know once they have resumed. We look forward to seeing everyone back soon!

God Bless

Give thanks in everything, for this is  
God's will for you in Christ Jesus.

**1 Thessalonians 5:18**

Some of the easiest verses to understand are sometimes some of the hardest to live out. I suspect verses like **1 Thessalonians 5:18** get a fair amount of use during the Thanksgiving season, but sometimes we fail to recognize how good God is because of all the bad we see go on in our lives and in the world. We have a tendency to forget the good in our life and dwell on the bad and when we do that it becomes hard to give thanks in everything. I think this is one of the devil's greatest tactics in keeping us from thanking God and being content with Him. Let me suggest 2 ways that may help us learn how to be thankful and continue to be thankful to God even in hard times. **1.) We can take a moment to reflect on our lives and realize just how great God's grace is to love wretched sinners like us and send Jesus to die for the forgiveness of our sins and 2.) By learning to be content in every situation in our lives.** I believe that recognizing those two things will help us to continue to thank God even on our toughest days. It may also be helpful if we stop and thank God for what we do have instead of being angry at Him about what we don't have. It is hard to be thankful to a God that we are angry at, but it is easy to thank God when we realize He has already given us for more than we deserve in Jesus. Life is not always easy and God doesn't always give us everything we want, but He is a God who loves us with the truest love there is and His provisions for us are far greater than simply providing for our human desires. Most importantly He provides the redemption of our souls in Jesus Christ if we follow Him and that is something that I hope everyone reading this will be eternally thankful for.

12 books of the Bible are hidden in the paragraph below. See if you can find them all!

This word search will not be easy but it may be educational because I have tried to include interesting facts. For example, how many words end with the letters ez? There aren't many but Fez ranks the highest, it is a city in North Central Morocco by the way. Something else you may not know is that people who prefer pristine audio quality are called audiophiles. If they were to start an audio club, Mondays would be the best day to meet. They could simply call it audiophile Mondays and if any of them had good singing voices they could form a band to record an album (which would sound amazing no doubt). If they sang gospel music they could call themselves the "Halleluja Messengers". Or if they decided sing older songs they could call themselves the "Retro Mans Chorus" instead. Let me quickly educate you further before your mind starts to go numb. Erstwhile means in the past. It is a weird word I know, but look it up, it's real and if I could change the past I would invest in chia pets. Whoever decided to make an animal a chia pet was a genius. Another interesting thing I once saw were trucks with tires over 12 ft tall! Tires that tall would be able to make a rut high enough you couldn't see out of it. Probably the craziest thing I will teach you today is that Diphosgene is a chemical compound with the formula CICO2CCI3, and if there was a group of women studying such a compound we could call them the Diphosgene sisters. Thats enough odd info for one day though. Let me close with these words of advice. Get a flu shot because getting the flu keeps you from feeling good and lastly eat a banana, humble yourself, double check your banjo elevation, and look both ways before crossing the road.
